

## RISKY BUSINESS

A field grade officer (FGO) assigned to a training squadron received non-judicial punishment for involvement in an off-duty business enterprise with a senior non-commissioned officer (SNCO) assigned to the same squadron.

Officer involvement with an enlisted member in an off-duty business violates Air Force Instruction 36-2909 paragraphs 3.4 (shared off-duty activities) and 5.1.5 (engaging in business enterprises with enlisted members).

As punishment, the FGO forfeited \$1,000 pay per month for two months.

Serving the *Profession of Arms* as an Airman is a call to live according to a higher standard. SERVICE BEFORE SELF is a mindset of embracing expectations not levied on the American public or other professions.
